

Dannevirke A&P Show 2019 – Beef Cattle Section

After the success of the NZ Royal A&P Show hosted by Hawkes Bay A&P with holding a cattle section, and the Involvement of MPI, the Dannevirke cattle committee is pleased to announce that Beef schedules will be offered for the 2019 Dannevirke A&P Show.

The Dannevirke Cattle committee is very confident that we can offer a safe environment for both Cattle and Exhibitor at the 2019 Show.

Changes will take place around Bio- Security requirements for the 2019 Dannevirke Show, particularly around the following;

- Entering Nait numbers of all cattle coming to Dannevirke A&P Show
- Unloading only in the designated area
- All cattle being Nait recorded on arrival to the Showgrounds
- Wash Bays being sectioned
- 2 metre rule between all cattle at all times on the Showgrounds
- MPI representative being at the Showgrounds from Friday afternoon until the cattle competition finishes
- All Championship classes will be held within the Cattle Section , and not in the oval as in previous years

The 2019 Cattle committee would like to thank MPI for your support with holding a Cattle section at the 2019 Dannevirke A&P Show. Mel Carlin from MPI Wellington will be coming to our show and will be involved with Bio – Security requirements. MPI will also be setting up a stall down by the Cattle Section to answer any queries. Mel's number (available after the 7th of Jan) is 0272480376.

Once again the Dannevirke A&P Cattle Committee has great support with running the Cattle Section from sponsors - thank you to all our sponsors, and also to Rabobank and the Sheep Section who will be providing lunch again for our Cattle exhibitors.

The Dannevirke A&P Show Cattle Committee will look forward to seeing you all at the 2019 Show . If you have any queries please call either myself on 068588045 or Phil Barrnet on 063743555

Regards

Simon Collin
